

The Fourth Dr. Sherry Baldwin CISM Educational Program Strategic Response to Crisis

Critical Incident Stress Management - CISM

International Critical Incident Stress Foundation Certification Course

Knowing what sequence of crisis intervention techniques to use for which individuals or groups, at what times, essential information for the assessment of both crisis situations and the effects of critical incidents on people involved in those situations. Learn to create an effective plan of action to assist those in crisis and complete a series of exercises designed to sharpen assessment and crisis planning skills. Strategic planning and tactical decision making are emphasized, as are rationales for choosing one set of crisis intervention processes over another. This course builds confidence that CISM Teams will make the right choices of interventions for the populations they are assisting under specific circumstances.
