

2024 Epi Teams Training

Date: February 1, 2024

**Location: Beaufort County Community College
(5337 Highway 264 East, Washington, NC)**

An Epi Team is a local health department's response team designed to investigate and respond to all-hazards public health emergencies. The branches of the North Carolina Division of Public Health's Epidemiology Section are collaboratively conducting four regional Epi Teams Trainings to deliver updated content for local health department staff and partners.
