

Active Shooter Incidents “Back to the Basics”

Managing the First 30 Minutes of Mass Violence Incidents

Overview: Considering the number of high-profile active shooter/active assailant incidents and mass shootings across the United States this training is being made available to all first responders. Provides public safety responders and planners an overview of what is required to successfully manage the first critical 30 minutes of a multi-agency response to a chaotic, fast-moving, and high-profile incident. The rapid and successful implementation of a strong Incident Command System (ICS) and Unified Command (UC) are recognized as critical tools in helping responders manage these incidents in your community.

Attendance: Must be current Law Enforcement, Fire Service, EMS, E911, Real-Time Crime Centers and Emergency Management. For class information or questions please reach out to Abby Riddle at ariddle@forsythtech.edu ***You must have an agency I.D./credentials to register and attend.***

Date & Time: Friday, January 31st, 8:30 am to 12:30 pm (Registration from 8:00 am to 8:30 am).

Registration: First responders/public safety registration at NC Training, Exercise, Response Management System (TERMS): <https://terms.ncem.gov/TRS/courseSearch.do> ***You must have an agency I.D./credentials to register and attend.***

Location: Main Auditorium, Forsyth Technical Community College-West Campus, 1300 Bolton Street, Winston-Salem, North Carolina

Topics:

- Threats, Threat Groups, and Threat Assessments
- Scene Size-Up, Command Post, and Initial Response Considerations
