On behalf of the North Carolina Office of Interoperability and The Statewide Interoperability Executive Committee (SIEC), you are cordially invited to participate in the:

2011 Pre-Summit Interoperable Communications Training Boot Camp

MGT-347 Incident Command System (ICS) Forms Review
December 12, 2011 9:00am- 1:30pm

The Marriott-Embassy Suites Twin City Quarter
460 North Cherry Street, Winston-Salem, NC 27101
http://www.twincityquarter.com/

Description

This 4 ½ –hour workshop provides a detailed introduction to emergency response supervisors and mid-to upper-level managers to the Incident Command System (ICS) forms used in the development of an Incident Action Plan (IAP). Participants will examine the primary forms used in an IAP, as well as supporting and other utility forms. In addition, participants will review the planning process and where, within that process, the forms are filled out and by whom. The workshop includes a practical application designed to instruct participants in the development of Specific, Measurable, Action-oriented, Realistic, and Time-based (SMART) control and management objectives.

At this time, the ICS Forms Review - (MGT 347) course is only be offered in conjunction with the MGT 313 or MGT 344. At this time, we are offering those jurisdictions with currently scheduled courses the opportunity to schedule this course immediately before or after your scheduled MGT 313 - Incident Management / Unified Command or MGT 344 - Advanced Incident Management / Unified Command courses. The ICS Forms Review (MGT-347) has been well-received as a precursor to these courses.

Prerequisites
• IS-700; Introduction to NIMS
• IS-100; Introduction to the Incident Command System (ICS), or equivalent training
• IS-200; Basic ICS, or equivalent
